DESIGNERS & MANUFACTURERS OF ARCHITECTURAL HARDWARE

LOCKABLE WINDOW HANDLES

Unique Locking arrangement in both Multipoint Locking Espagnolette and Casement Fastener Designs.

CASEMENT FASTENER

Designed for weather sealed double glazed windows where security is required. Discreet locking screw is captive and cannot be removed when handle is on window. Each handle is supplied with a key. Fastener will work with both mortice plate and hook plate. Available in right hand (shown) & left hand forms. Supplied with matching wood screws.

Product Code: 0348

Finishes available: AB, ABUL, AR, IB, IBUL, PB, PBUL, PC, SC, PG, PGUL, PN, SN, RB, SB, SBUL.

ESPAGNOLETTE HANDLE

Designed for espagnolette or shoot bolt window fastening systems where security is required. Discreet locking screw is captive and cannot be removed when handle is on window. Each handle is supplied with a key. Available in right hand (shown) & left hand forms. Fitted with 7mm square spindle, which is available in other lengths. Supplied with M5 machine screws, finished to match, to fit in to fastening system gearbox.

Product Code: 0350

Finishes available: AB, ABUL, AR, IB, IBUL, PB, PBUL, PC, SC, PG, PGUL, PN, SN, RB, SB, SBUL.
